- Home Screen (helpPrgHomeTabs.htm)

When using the Database Analyzer program you will navigate through the tabbed screens listed below.

- **Home** - Serves as the Home Page and provides the latest OFAC News Feeds
- **Single Search** - Search by Single Person, Company, or Other
- **Database** - Scan your database against the OFAC List
- **Name List** - Scan your List of Names against the OFAC List
- **History** - View your Search logs and any previous Search Reports

Additionally, the top menu bar allows you to:

- **File** - From here you may choose either to **Log out** or **Exit** the system completely.
- **Tools** - Opens the **Settings** functions. Follow the link for more information.
- **Help** - The **Help** selection provides a link to this Online Help system. The **About** selection provides version and license information.

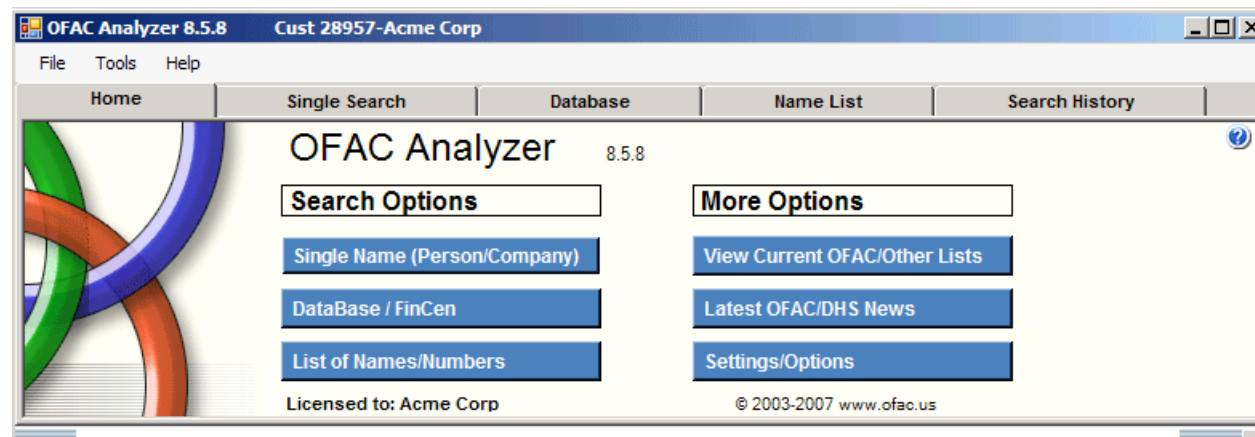

The Home Page opens a menu (Search Options and More Options) which somewhat mirrors the tabbed screens. The latest news updates from the OFAC automatically display on the Home page upon entry.

1. Search Options

- Single Name (displays the **Single Name** screen)
- DataBase/FinCen (displays the database)
- List of Names/Numbers (displays the **List of Names** screen)

2. More Options

- View Current OFAC/Other - A report displays your latest report activities
- Latest OFAC/DHS News (displays the latest updates for OFAC)
- Settings (displays the Settings screen)
